

One to One MacBook Program The Next Step It's not too late!

Dear Year 4 Parents,

We are very pleased with the large number of parents who have already ordered a MacBook for their child for next year.

We have had a number of queries as to whether it is too late to order through Winthrop Australia.

IT'S NOT TOO LATE!

Parents can still order through Winthrop Australia's portal all the way through to the end of January next year.

The MacBook will be delivered to your home so you should still receive it before Christmas if you wish to use it as a Christmas present. The turn around time is about two weeks at the moment.

Winthrop Australia is our preferred supplier. Winthrop will install an image on the Macbooks which connects them to the school network so students can print work, save work to our server and access the internet. Winthrop also provide technical assistance to the school and professional learning for the teachers.

The MacBooks purchased through Winthrop also come with 3 years of Applecare assistance. This service is invaluable. Applecare can assist with any queries you have about the way your MacBook and it's programs operate.

Applecare hotline 1300 321 456 (24 hours a day).

Parents can purchase a MacBook through the Winthrop Australia portal on the following website

<https://portal.winaust.com.au/a/rossmoynepriaryschool>

Parents entering this program may be eligible for a Tax Rebate (please refer to the following link): www.humanservices.gov.au/customer/information/schoolkids-bonus

If you have further queries you are welcome to email them to;

Claire Veen who provides Macbook technical support at school:
